

Do you recall when you first stepped into the office of City Clerk and wished you had a ready resource to call for input or to answer questions? Would you be willing to spend a few hours assisting a fellow clerk get familiar with WMCA and the everyday business of being a City Clerk? The WMCA Membership Committee is seeking volunteers to assist new WMCA members who request a mentor. If a new member requests a mentor, we would like to be able to immediately match them with someone in their area who can serve as a point of contact for questions, call occasionally to say "hi," see how things are going (at least once a quarter), and, if feasible, meet the new member in person. This is an excellent way for you to contribute to WMCA, whether you're from a large city or small town. Please contact Irvalene Moni at irvalene.moni@ci.maple-valley.wa.us if you are interested. We will reconfirm your commitment before giving your name to any new member.
